

ATE-760 series

Excellent Accessibility and Flexibility

ATE-760 and ATE-760 PC

Wheelchair-Friendly Design with Extended Height Adjustment Range

The ATE-760 and ATE-760 PC tables are designed to provide outstanding wheelchair accessibility.

Both instrument tables feature a large height-adjustment stroke, enabling ergonomic and versatile working positions. Equipped with castors, the tables can be easily repositioned as required, providing maximum flexibility within the practice.

SAFE AND SMOOTH HEIGHT ADJUSTMENT

The ATE-760 offers a smooth and large elevation stroke of 525 mm. For enhanced user comfort and workflow efficiency, the programmable elevation control enables storage of up to three preferred height settings. For added safety, the ATE-760 is equipped with an integrated safety stopper.

MOVE FREELY

The table comes standard with 65 mm castors, allowing movement and positioning within any workspace. Integrated cable management keeps cables neatly organised, ensuring a clean and clutter-free setup.

	ATE-760	ATE-760 PC
MAXIMUM LOAD ON THE TABLETOP	60 kg (30 + 30)	60 kg (30 + 30)

CASTORS	75 mm	75 mm

ATE-760

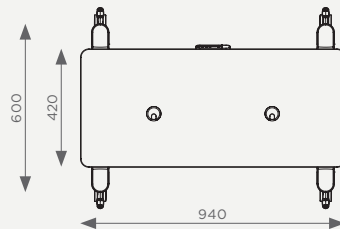

Designed for Accessibility and Flexibility

The ATE-760 instrument table is designed with accessibility, stability, and flexibility in mind. Featuring dual elevation support columns, the table is fully wheelchair accessible while ensuring excellent stability during daily use. It is suitable for accommodating one or two instruments.

ATE-760 tabletop

The ATE table top is suitable for one or two instruments: 940 x 420 mm. A slitlamp will perfectly fit as well.

ATE-760 PC

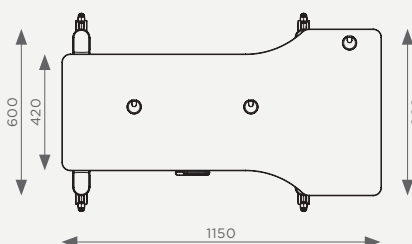

Accessible Design. Extended Working Range.

The ATE-760 PC instrument table includes all the features and benefits of the ATE-760, with the added advantage of extended workspace for PC integration. The extended tabletop provides dedicated storage space for a high-end tower PC, creating a practical, efficient, and well-organised workstation for instrument applications requiring computer support.

ATE-760 PC tabletop

The table top is designed to accommodate a slit lamp, an OCT, or any other diagnostic device along with a PC ensuring an organised work space.

IMPORTANT

In order to obtain the best results with this instrument, please be sure to review all user instructions prior to operation. Not all products, services or offers are approved or offered in every market, and products vary from one country to another. Contact your local distributor for country-specific information and availability.
